

IN MY BLOOD IT RUNS

Reflection Guide

Just seen the film?

Take a moment to self-reflect with your friends and family, for example consider:

What was your experience of learning about Aboriginal history in school?

Share a time in your life when you held an implicit or explicit racist belief or personally experienced racism?

Was there a quote or scene from the film that resonated with you?

Thinking about your own sphere of influence, what are ways you can support the agency of First Nations people and communities? This could be learning more by reading a book, donating to First Nations-led initiatives or signing up to social justice campaigns.
